

Dear Parents,

¡Hola y bienvenidos! My team and I at Homeschool Spanish Academy are extremely excited to provide our Spanish immersion program to your learner this year.

We are an online Spanish program with over 11 years of experience doing one thing, and doing it very well - teaching Spanish as a second language. We teach over 10,000 live Spanish classes per week, globally, with the goal of getting our students to actually use the language. It's important to me that your learner's time with us is more than just a class, but a real cultural experience too.

Throughout the year, you will notice that we use Google Meets, as our video communication tool, and Moodle as our learning management system (LMS). To get familiar with these platforms, please take a moment to watch all of the onboarding videos here: <https://try.spanish.academy/onboarding-group-classes/>.

I greatly believe in the importance of communication, so if you have any questions regarding your child's performance, grades, or about our program in general, please feel free to email us at groupclasses@spanish.academy.

We look forward to building a relationship with you and your child and are excited to be on this Spanish journey with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Ronald A. Fortin", is written over a light grey rectangular background.
